

EAP Code of Conduct

(The English text is authoritative. In case of doubts in the other translated versions, please refer to the original text.)

INTRODUCTION

This code applies to all participating or involved persons to an EAP meeting, including: individual Athletes, Athletes representatives, Coaches and any person responsible for the participation of an Athlete. It is not restricted to the EAP members.

It is mandatory for all concerned to read, understand, and agree to abide by the EAP Code of Conduct in order to be eligible to participate in EAP competitions.

The most expeditious manner of signing the agreement is to electronically sign, or confirm their agreement to this Code of Conduct, as part of the Athlete's pre-registration process required by all EAP meetings. In this regards EAP Meeting Organisers (MO) should seek to find ways to offer the facility for athletes / EAP Member Representatives to have the EAP Code of Conduct or link to the EAP Code of Conduct available online during the registration process, as well as the facility to confirm that the users are in agreement with this code. Should an Athlete/Official/Member Club Representative fail to complete such a confirmation at pre-registration stage, they may instead download and print the Code of Conduct from the EAP's website, read and sign it, and send it to the MO or bring the signed form with them to The EAP competition.

Instances of violation of the EAP Code of Conduct shall be reported

- 1) To the advisory board of the sponsor club of the offending athlete/s or representative/s,
- 2) To the EAP Head Code of Conduct and
- 3) To the EAP Board of Officers

Reports of violation shall be submitted using the EAP Code of Conduct Violation Reporting Form. This document is located on the EAP's website and may be filled out electronically and sent to the EAP Board of Officers via the Head Code of Conduct.

The sponsor club of the offending Athlete/s, Official/s or Representative/s is ultimately responsible for determining appropriate disciplinary action and providing evidence to the EAP Board of Officers that disciplinary action was taken.

ATHLETES

It is mandatory for individual athletes to read, understand, and agree to abide by the Athlete Statement and Code of Conduct in order to be eligible for EAP competitions.

Athlete Statement

I believe that the true essence of athletics is to strive for personal achievement and excellence through full and honest effort.

I am committed to participating in athletics with integrity, and to striving to win only by Legitimate means.

I pledge to learn, understand, and adhere to both the written World Athletics rules of athletics and the accepted Rules of Fair Play.

I believe that violence and physical intimidation are harmful to the promotion of athletics, and I refuse to use such tactics in an attempt to gain an unfair advantage.

I understand that officials, teammates, and opponents are all integral to athletics and worthy of my respect.

It is my responsibility to maintain self-control. I will accept officials' decisions without arguments, compete aggressively but without hostility, and behave graciously in triumph or defeat.

I am committed to honor my registration for an EAP Meeting, and I am aware that failing to do so for the simple reason of preferring to opt to participate at some other athletics meeting occurring within 3 days before or after, rather than the EAP Meeting I would have registered for, may lead to sanctions, fines and/or black listing on the part of Events for Athletics Promotion (EAP), if such a retirement is announced in less than 7 days prior to the date of the EAP Meeting

I RUN CLEAN CERTIFICATION

The main aim of 'I Run Clean™' is to provide reliable information that will help the platform's users understand the issues around doping in sport and the regulations that must be observed to compete fairly.

'I Run Clean™' also aims to help athletes understand their personal values, how they relate to sport and how they contribute to good decision making. As more and more build solid ethical frameworks, the culture of clean sport will be strengthened.

'I Run Clean™' is meant to supplement and support the anti-doping programs offered by federations, national anti-doping agencies and other organisations.

The main target group, of course, is Athletes of all ages and performance levels. But Officials and EAP Member Representatives will also be asked to complete the programme. Everyone is encouraged to obtain the 'I Run Clean™' certification as this will gradually become a requirement to participate in an EAP Meeting by the end of Year 2022, at least for athletes in the Under 18 category and older.

In order to obtain 'I Run Clean™' certification, Athletes, Officials and EAP Member Representatives are welcome to use the following URL Link and complete the programme.
